SHANNON ROSE PRESENTS DONATION

Regan DeBenedetto, left, director of operations at the Shannon Rose Irish Pub, presented a check in December for \$10,000 to Judith Friedland, center, and Melissa Alonso from the American Heart Association. Shannon Rose locations in Clifton and Ramsey donated a portion of proceeds from a specialty menu served during February's American Heart Month and participated in the Bergen Passaic Heart Walk in October, serving as the major food sponsor for the walk. This donation will support the American Heart Association's mission to fight heart disease and strokes through funding innovative research, fighting for stronger public health policies and providing critical tools to save and improve lives.
